# LAYOUT

(Title here)

Some story or description about the intention behind making the visualisations.

Filter: Year: ⊂▭▭▭
    Type: [Robbery]

| Description about ~~some~~ the vis |
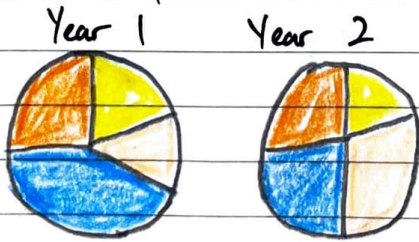

Year 1   Year 2

~~Year:~~ Description about the vis.

Year 1   Year 2

· · ·

| Description about the vis |

FOCUS

A story at the beginning as a form of hook to get the viewers engaged.

Small multiples for the scatterplot and piecharts by year making it easier for ~~views~~ comparison.

OPERATIONS

Filter by year and crime type for both the ~~choto~~ choropleth map and area chart. Highlight the corresponding area of the area chart for crime type

Filter:
Type: [Robbery]
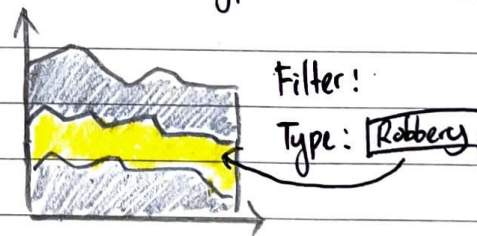

DISCUSSION

PROS
- Small multiples allow for easier comparison.
- Starts off with a hook to get viewers engaged.

CONS
- Having small multiples may cause the visualisations to overflow making it necessary to scroll the entire page.
